Cape Cod Perfection - Mariner Blue  
TandoStone - Stacked Stone - Glacier Bay

## The original and most iconic shake in the industry.

Over 40 years ago, Tando invented the low maintenance shake category and the innovation has continued through the decades. Today, Tando has an unequalled depth and breadth of low maintenance, high performance shake profiles.

From the iconic Hand Split Shake to the clean and contemporary look of Cape Cod Perfection, TandoShake profiles are low maintenance and high performing. And all profiles are offered in a traditional solid color series and a natural color series.

## From rustic to modern, there's a profile that fits

TandoShake is the perfect low-maintenance shake that enhances any home style and adds instant curb appeal. With four styles, TandoShake showcases a broad range of woodgrain textures - from fine & subtle details to rugged, deep grooves - that combine with an extensive color collection to complement any home architecture or style.

Hand Split Shake and Rustic Cedar 9 feature the most rugged looks. With varying shingle heights and widths combined with deep woodgrain textures, these profiles simulate the true hand crafted appearance of wood shakes.

RoughSawn Cedar and Cape Cod Perfection have refined woodgrain textures and evenly aligned shingle heights, balanced by varying widths, that offer clean lines and an upscale look and feel.

TandoShake Options:

## Hand Split Shake

Our iconic Hand Split Shake, a single course profile, features variable depth exposures.

The detail in Hand Split Shake captures the rugged and rough look of hand-cut cedar shake, making this profile one of our most popular shakes.

Autumn Cedar

Barn Red

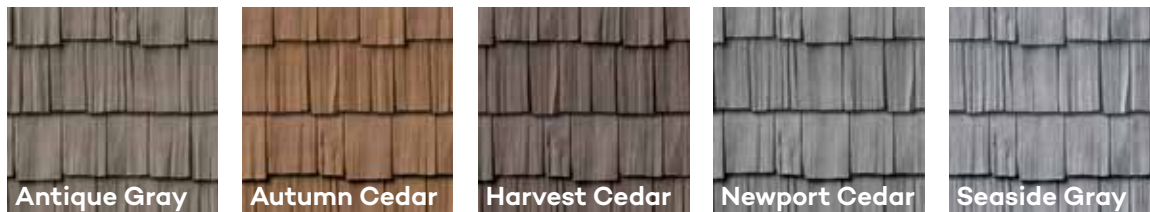

Seaside Gray

**Solid Color Series**

**Natural Color Series**

Colors are shown as accurately as the printing process allows.

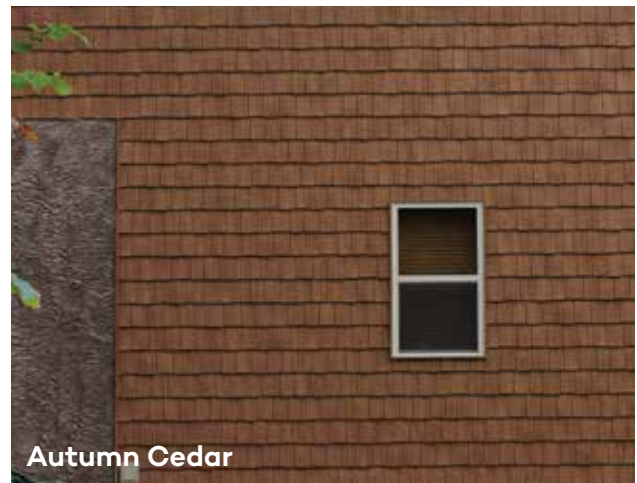

## Rustic Cedar 9

Our Rustic Cedar 9 (RC9) is a single course shake with strong, deep textures and a large, staggered 9" profile.

RC9 complements a wide range of other siding materials including fiber cement, vinyl, stucco, and more.

Autumn Cedar

Harvest Cedar

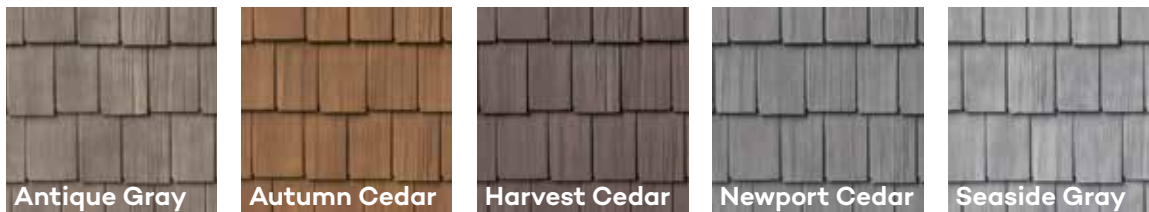

Antique Gray

**Solid Color Series**

**Natural Color Series**

Colors are shown as accurately as the printing process allows.

## RoughSawn Cedar (Single and Dual)

Our most popular profile, RoughSawn Cedar, has evenly aligned shingles that deliver a clean look with simple elegance.

RoughSawn Cedar, a 6.5" exposure, is available in a single course, commonly used in gable and dormer applications, and a double course for larger coverage applications.

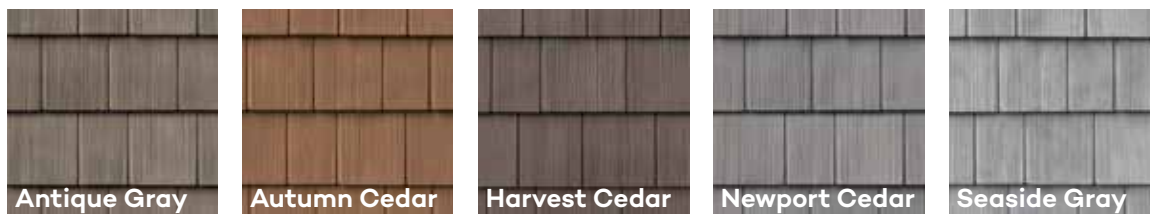

Antique Gray

### Solid Color Series

### Natural Color Series

Colors are shown as accurately as the printing process allows.

## Cape Cod Perfection

Cape Cod Perfection, our latest innovation, is a triple 5" profile - meaning it has three courses of 5" shingles. Cape Cod Perfection is a re-squared and rebuted shingle with clean lines and a smooth cedar texture. The six solid colors provide the look of double dipped painted cedar.

Though already fast and easy to install, Cape Cod Perfection features an enhanced nailing flange that allows for pneumatic nail guns to be used to further speed installation.
